Speakers	Dr. Dhananjay Prasad (Principal); Mr. Vikash (IQAC Coordinator)

Introduction

On the occasion of World Teachers Day, the Internal Quality Assurance Cell (IQAC) of N.N. Ghosh Sanatan Teacher Training College organised a seminar on the topic “Importance of Teachers in Digital Age” on 05 October 2026 at 12:30 PM in the college’s Multipurpose Hall. The programme was conducted without any interruption, and students took part in it with great enthusiasm.

Proceedings

The seminar began with an address by the Chief Guest, Dr. Dhananjay Prasad, Principal of the college. In his inspiring speech on the theme, he emphasised that the role of the teacher will never become obsolete, no matter how much technology changes. Technology can support

learning, but the guidance, values and human connection that a teacher gives cannot be replaced.

He was followed by the IQAC Coordinator, Mr. Vikas, who shared his views on the topic. He highlighted how the role of the teacher is changing because of rapid advances in digital technology, and stressed the need for teachers to keep updating their skills and adapt to new tools and methods of teaching.

An interactive session followed the addresses, in which several students asked questions on the topic. The speakers answered them and encouraged students to think about the responsible and effective use of technology in education.

Key Takeaways

- The role of the teacher remains central, however much technology advances.
- Digital technology is changing how teachers teach, and teachers must adapt to it.
- Continuous learning and upskilling are essential for teachers in the digital era.
- Students showed keen interest and took active part in the discussion.

Conclusion

The seminar was informative and well received. It reminded everyone present of the lasting importance of teachers in society and of the need for educators to move with the times. The IQAC extends its thanks to the Chief Guest, the faculty members, the staff and the students for making the programme a success.
